I am an entry level IT Technician 1 with no IT work experience but I have a passion for IT. I have done all the things IT nerds did such as installing 10+ different versions Of Linux etc.. IMPORTANT! Visit stephenbunel.com to get a better picture of what I am capable of and what I can bring to your company.

EXPERIENCE

Guardian Electric, Saint Marys KS – *Electrician*

MONTH 2019 - PRESENT. A mix of Full-time/Part-time

Working primarily as an electrician I also helped with some technical issues such as setting up a new business email and fixing their computers.

Contracting work for KG Moats & Sons still working for Guardian Electric , St. Marys KS – *Electrician*

April 2021 - May 2021 + some acational work here and there on weekends

I was hired as a helper/electrician and sent out to Kansas City to work at a new U–Haul fulfillment center. My primary duty was to assist their electricians/engineers while they were wiring up and programming a massive new conveyor system.

Online Ecommerce Business – *Digital Entrepreneur*

April 2020 - May 2021. Paused - focusing 100% of my time on developing my IT skills.

Through applied business knowledge and technical skills, I generated thousands of $$$ in ecommerce sales through shopify and amazon FBA. I also have experience with google ads, amazon PPC and SEO optimization.

EDUCATION

Saint Mary's Academy in KS, Penn Foster + Self–Taught IT PRO

SKILLS

3+ years of personal experience working with various aspects of computers from Web Dev to building PC's to configuring business email. Basic knowledge of Active Directory + some other business software .

A+ 2001 passed. On track to be fully certified very soon. Then going to get my NET+ and SEC+, continuously advancing my technical skills to keep up to date with the latest technologies.

HTML & CSS + Git + dabbled with the major programming languages such as python, javascript. I also have deep knowledge of ecommerce and web services such as Shopify, Wix etc.. To get more info about my skill sets visit stephenbunel.com
